Hello, Group

Today is my answering day.

1) Now you can use the Composite module to evaluate what is happening to the price when any planet passes any natal object. In order to do this, set this option ON in Options tab:

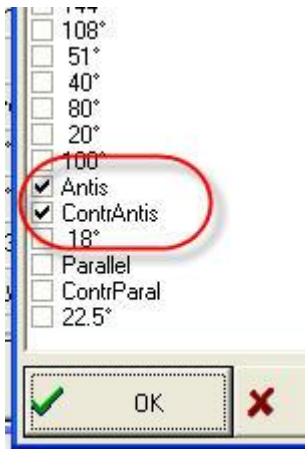

In this case the positions of Natal objects will be marked:

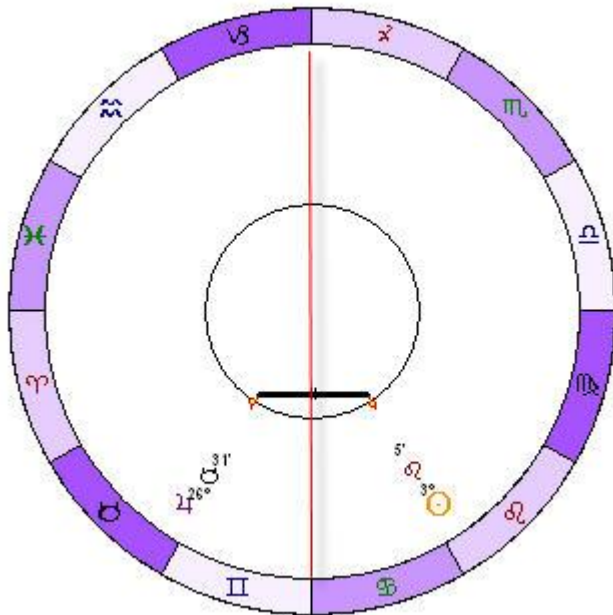

For example, in the picture you can see that the price goes down when the Sun passes the Asc of the Natal chart (this is an example only, not a trading advice).

2) Some explanation regarding Antis and Contr Antis aspects:

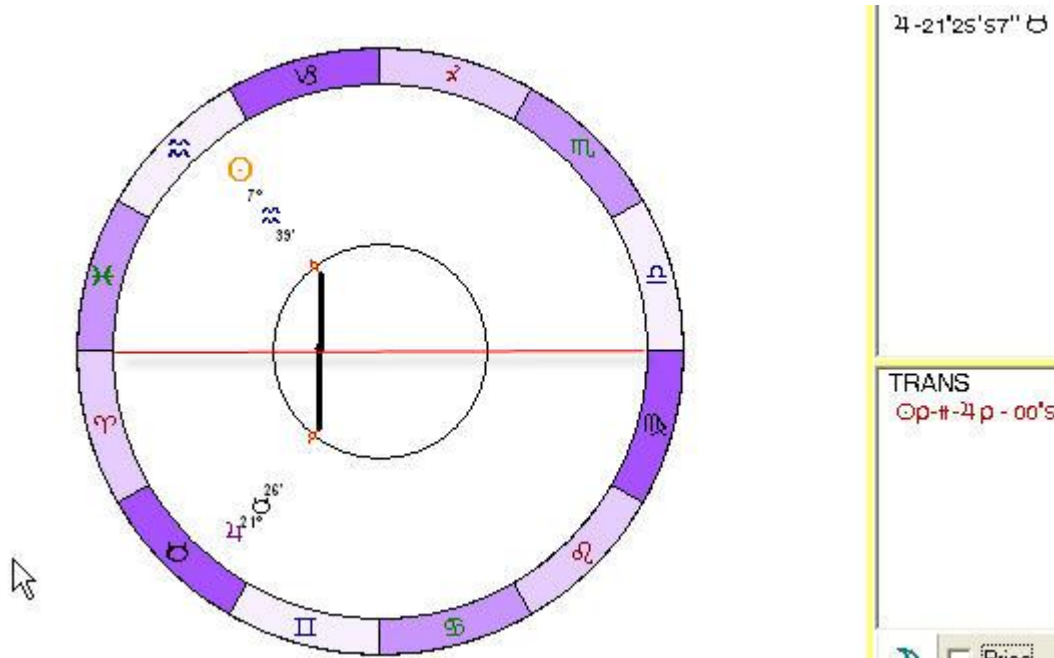

You can use these aspects everywhere in the program.

Antis means that two planets are located symmetric to Cancer - Capricorn axis, like this:

Contr-Antis uses the Aries-Libra axis:

To be continued ...

Best regards.  
Sergey.
